

# Optical Power Meter OPM-3205C

[www.ExFiber.com](http://www.ExFiber.com)

## Description

Optical power meter OPM-3205C is the most compact and slim handheld power in the field which have up-to-date IC design. Calibrated wavelengths can be customized within 800~1600nm.

## Feature

- u Auto-zero function.
- u Wide dynamic range.
- u High resolution.
- u LCD screen display.

## Specification

Item	Specification
Wavelength Range (nm)	800~1600
Detector	InGaAs
Power Measurement Range (dBm)	-40~20
Uncertainty	±5%
Display Resolution	Two digital
Operation Temperature ( )	-10~+60.
Storage Temperature ( )	-25~+70
Auto-Off Time (min)	10
Battery Operating Time(hr)	50
Power Supply	4.5V battery (3pcs)
Weight (g)	80
Dimensions (mm)	90x55x16

## Application

- u Optical power test
